

Preset Counters

LCD Preset Counters	1 or 2 Presets	Codix 907 / 908
----------------------------	-----------------------	------------------------

The Codix 908 and 907 preset counters for pulse and time inputs offer all essential counter functions at an amazing price-performance ratio.

As a result of their minimal mounting depth and their plug-in screw terminals, the counters are simple and quick to install; as an option the two-line LCD can also be backlit. It is then even easier to read it at a glance.
